

Scope of Work for Wheel Loader

The wheel loader will need to meet or surpass the following general requirements.

- Light to medium duty
- 3 to 4 cubic yard bucket
- Minimum of 100 hp plus
- 10 foot loading height min.
- Air conditioned cab
- No older than 2005
- Current hours not to exceed 5000

We would like to trade a 1995 John Deere 770 Motor Grader as a partial payment for the above wheel loader. Current hours on this unit is 9,040.
