ADDENDUM #2 QUESTIONS/ANSWERS FOR
AUDIO/VIDEO PRODUCTION, LIGHTING, SET
PRODUCTION & LIVESTREAMING

1. The Quilt Show, Art Show, and Youth Choir event on the 30th are all on the same day in the same location, correct? The equipment can remain the same across these for that day, correct? That would save money not having the same equipment multiple times. Assuming equipment stays the same for these shows, what are you looking for on the set that is being built? Is that left to our interpretation? On the video screen and audio equipment for the Youth choir, can that same setup be used on the 31 for the fiddler's contest?

Yes, these shows are all at the Chota Conference center at the Tahlequah Casino, but are split up into different rooms. Fiddlers' & Youth Choir will use the same set up generally speaking.

2. For the Live music festival will not need screens or cameras at this time?

No, we will not require screens. Here is a photo for reference below.

3. For the Intertribal Powwow, what is the estimated end time? **12 am on both Friday & Saturday night. 5 hours of footage each night.**
