INTRODUCTION

Hard Rock Hotel & Casino Tulsa is seeking a qualified vendor to design, produce, and execute an integrated aerial entertainment experience for its inaugural Fourth of July celebration on July 1, 2026. Rain date TBD. The event consists of a synchronized 20-minute fireworks display accompanied by classic rock music, preceded by a 15-minute professional drone light show.

PURPOSE and OBJECTIVE

The purpose of this project is to deliver a high-quality, visually impactful aerial experience that enhances guest engagement and elevates the Hard Rock brand.

SCOPE

Vendor shall provide design, permitting, logistics, execution, and cleanup for the drone and fireworks show.

Event Objectives: Enhance experience for guests. Create an exclusive firework experience that continues to foster relationships.

Target Audience: Hard Rock Tulsa guests and local community

Event Activities: Twenty minute firework show preceded by a fifteen minute drone show.

LOCATION
