## ADDENDUM #1

### QUESTIONS/ANSWERS FOR RFB -VTOL MAPPING DRONE PACKAGE

1. Is there a specific payload or camera being requested? The options range from \$2500 to \$50k. I want to make sure I am quoting the correct camera system and its apples-to-apples comparison against other bidders. **We are looking for a payload that can photograph and provide 3d images of areas to one either identify hazards or to map our disaster response.**

2. Are they also wanting the WingtraGround kit?

<https://wingtra.com/ground/?srsltid=AfmBOopS8RJoL5vQ-EhGnGv1nqS6-4-FskIaNvs4dTAQBUC3PICHCeY5>

**The link provided does meet our specifications for what we will require as far as some of the equipment needed.**
