<b>Masonry &amp; Plaster</b>				
1	<b>Area: EXTERIOR</b> Pier/Footing. Install engineered steel piers. <b>Evaluate settling of footing &amp; provide detailed scope of work for repair.</b>	Div.# 3.U.	1 Ea	

**Total:**

All construction shall be in accordance with local codes, manufacturers' recommended installation procedures, good quality workmanship practices, General Specifications and Lead-Based Paint requirements when applicable. Conflicts between requirements will be resolved by compliance with the more stringent requirement. Contractor awarded the job will be responsible for conducting safe work practices that comply with OSHA Construction Standards for Asbestos Workers. Asbestos report, where required, will be attached if areas tested are 1% or greater. See attached Asbestos Sampling Report for location and testing of Planned Work Activities.
