

SCOPE OF WORK FOR RE-CARPETING OF AUDITORIUM AISLES IN HARD ROCK LIVE

Cherokee Nation Entertainment requests bids for the following scope of work. Remove and replace existing carpet in Hard Rock Live auditorium aisles. The work consists of removing old carpet, preparing flooring surface for new carpet, and applying with Shaw Terra SA037, 37761. Material application is as follows:

- **Remove approximately 2,750 sq. feet of carpet and prepare flooring surface for application of new Shaw Terra SA037, 37761. The estimated new carpet need is 390 sq. yards.**

Notes: All labor, cleanup, and disposal of debris must be included in bid with all work being scheduled and completed around Hard Rock Live events to minimize impact of said events within the venue. Work schedule to be worked out with awarded vendor. All security and gaming commission rules and regulations are in effect during this project.
