QUESTION:

Scope of work states approx. size to be 16x80. That is pretty standard for the 3-bedroom 2-bath. However, 2-bedroom 2-bath mobiles range from 14x60 to 16x66. Would a smaller size be sufficient for the 2-bedroom homes?

HACN RESPONSE:

Please bid on both sizes (14x60 and 16x66) for the 2-bedroom, 2-bath mobiles in case we have to accommodate smaller lots and tight spaces.
