Is Gold Strike providing a maintenance spec as well or if we are supposed to provide you with what we are proposing for maintenance? Similarly, are you providing a bid form for us to complete, or should we create our own?

The contractor shall conduct maintenance and warranty per its maintenance protocol. Maintenance shall meet or exceed the contractor's typical maintenance schedule for the elevator types modernized. The contractor shall submit its maintenance schedule as a tab within its proposal.

There is no a standardized bid form. The contractor shall submit its proposal in sufficient detail with cost breakdowns allowing the Owner the ability to competently review and compare all submissions. After all submissions have been collected, the Owner shall review and, if warranted, request additional information or supporting documentation from a bidder.
